

OPERATION INSTRUCTION - MARCH 2016

INSTRUCTION NO.	:	01/2016
SUBJECT	:	CIVIL AVIATION REGULATIONS [CAR] Dispensation Process
REF	:	CIVIL AVIATION REGULATIONS [CAR]
COMPLIANCE STANDARDS	:	AIR NAVIGATION TECHNICAL REGULATIONS (ANTRs)
DATE	:	15 TH MARCH'2016

APPLICABILITY	Service Providers
IMPLEMENTOR(S)	All Stakeholders
ENFORCEMENT	BAC, SERCO, DAN, DOM
OVERSIGHT	Aviation Safety - Bahrain Civil Aviation Affairs

Application

In order for there to be an orderly implementation of Regulations, circumstances may arise that necessitate dispensation to temporarily deviate from a requirement or requirements. The process for applying for dispensations shall be:

1. The particular dispensation requested shall be defined and the reasons for the request clearly detailed;
2. Safety assessment and any mitigations offered shall be documented;
3. The Accountable Executive of the organization making the application (or his representative) shall approve the application;
4. Submit the written request via "Dispensation Request Form" ASD-OF-19-AANR, with supporting documents to the DASS' office for review;
5. Decision issued from AUSAS office within 14 working days of receipt of application by DASS;

It should be noted that Regulations are promulgated by H. E. the Minister of Transportation and Telecommunications with the intention that they be complied with, and consideration for dispensation would normally be limited to allowance for time to comply with a new Regulation.

Hussain Ahmed Al Shuail
Asst. Undersecretary Safety & Aviation Security
